VOLUME XIV. MILWAUKEE DAILY SENTINEL, WEDNESDAY MORNING, FEBRUARY 25, 1857. NEW SERIES.

THE DAILY SENTINEL.

RUFUS KING & WM. H. WATSON, PROPRIETORS,

Under the Name and Firm of Rufus King & Co.

MILWAUKEE:

Wednesday Morning, Feb. 25.

Death of Dr. Kane.

The whole country will receive, with unaffected regard, the tidings of Dr. KANE's decease. His remains arrived at New Orleans yesterday, and will be sent thence to Philadelphia, where, no doubt, appropriate honors will be paid to his memory.

FROM OUR NEW YORK CORRESPONDENT.

NEW YORK, Feb. 19, '57.

Congress seems to be wasting its expiring hours—it has but a fortnight's life now—in inaction, as to the great interests of the country.—If some remedy be not devised for checking the excessive accumulation of coin in the sub-Treasury—arising from duties on imports—there may be very serious consequences to all private pursuits and industry from such accumulation.—Millions upon millions of coin, hoarded in the Treasury of the U. S., which should be circulating, like the blood of life, through all the veins and arteries of labor and enterprise, must produce convulsions. There is little probability of any such modification of the Tariff as will reduce the receipts from the customs, and none, I apprehend, of the success of Mr. Crittenden's proposal for dividing the surplus in the treasury among the States. As to this latter plan, there may, I think, be reasonable doubt, whether the impulse which would thereby be given to unwise speculation in the States might not counterbalance the good of distributing an unproductive and oppressive surplus. That evil, however, is only conjectural and contingent, while the evil of so large an abstraction from the circulation of the country, as the sub-treasury now threatens, is certain. Between the two, therefore, it would seem the choice should be for that course from which, after all, the apprehended evil might not result. It must be edifying, one would think, to your Western Sham Democracy—which upholds a dynasty and party that oppose and defeat appropriations for Rivers and Harbors—to find such a statesman! as Mr. TOOMBS of Georgia, who will not vote a dollar to render safe the navigation of our rivers and lakes at home, proposing an expedition, under the patronage and at the expense of the Federal Government, to explore the river *Niger* in Africa. Is that preparatory to re-establishing the Slave Trade? But whatever else it may *not* be, it is certainly a new instance of the utter inconsistency of the Sham Democracy.

Our terrible winter seems to be passing away. It has been a very disastrous one to life and property on land and on the water. Railroads especially have suffered and been greatly interrupted. The Camden and Amboy R. R., between this city and Philadelphia, has been impassable for a week, or more, by reason of the unprecedented rise in the Delaware river, which heaped up masses of ice to the depth of 10 or 12 feet, for miles along its course, as it borders the Delaware between Bordentown and Bristol. There have been from 1000 to 2000 men at work there for several days to clear the track, but it is still closed. The passengers by the Erie Railroad reach New York by the Central R. R. of New Jersey, which by its connection with the Pennsylvania roads at Easton, takes those passengers at the great bend of the Susquehanah and bringing them by Scranton to Easton, places them in New York as early and as safely as if brought on the old road. So the Hudson River road has been unable to use its track north of Hudson, since the great freshet in the River. As much complaint appears in Wisconsin at comparatively brief interruptions in the travel of your lines of road, I thought it not amiss to show you how older and long established Rail Roads, in the midst of populous communities and with every command, therefore, of men and materials, have been more seriously delayed.

Our city, after a fortnight's excitement about the Burdell murder, now resumes something of its normal state. I am, you know, a great friend and admirer of a free press and therefore must be content to take the evil with the good—but the evil is the eagerness with which all details and rumors, concerning this murder, have been caught up and reproduced in sheets of all kinds, and in some with the aid of Daguerreotypes of impossible men and women, duly called after the names of parties implicated—and even of dentist chairs, and Eckel daggers and Snodgrass banjos—is certainly excessive. Then, under that most absurd ruling of our Criminal Courts that no person having read the published testimony on the Inquest, is sufficiently impartial to be a *Juror*—it seems difficult to imagine how any trial can ever be had in this case; for all that can read at all, not in this city only, but in the whole country round about, have read more or less of this testimony—and thus the publicity which is, in one sense, essential to the protection of innocence, becomes, under such a rule of law, a complete bar to the conviction of guilt. Possibly the disgusting antics of the Coroner, who held the inquest and the impossibility, according to existing precedents, of finding an impartial petit jury, may have the good effect of leading to a careful revision of our criminal code and the practice under it; and to some admixture, perhaps, with our common law notions, as to the mode of ascertaining guilt, of some of the processes derived from the civil law and which, as illustrated in criminal trials in France, seem less calculated than our forms to invest crime with the immunity of silence. The time-honored usage that exempts the party accused, from being questioned on the trial, may be, perhaps, a good deal modified or restricted without any risk of wrong to the innocent, and with a good probability of speedier condemnation of the guilty. Mercy in excess is the worst sort of injustice.

NEW YORK TOWN ELECTIONS.—The Albany *Journal* of the 21st, contains a few more samples of New York Spring Fashions, in the way of Town Elections. Old ONONDAGA thus reports:

REPUBLICAN VICTORIES IN ONONDAGA.

The Onondaga Town meetings result in an overwhelming defeat of the Pro-Slavery faction. Of the nineteen towns, they carry only two. Skaneateles and Van Buren—the former by seven majority, and the latter by 130. Skaneateles was only carried because two Republican tickets were running, and the Van Buren Supervisor owes his election to a local issue. In all the towns, except Eldridge and Salina, *there was a complete fusion between the Buchananites and and Know Nothings.* But it only served to make his defeat more significant.

The grand total is; Republicans 17; Coalition (K. N. and Dem.) 2!

BROOME County elects 8 Republicans, 4 Democrats and 2 Know Nothings—another handsome gain since last year. This far, the Republicans have gained *forty-nine* Supervisors, while the Allies (K. N's, and Dems.) have *lost* 31.

A GOOD RECOMMENDATION.—The Milwaukee city and County Democratic members of the Legislature have recommended the appointment of Moritz Schoeffler, of the Milwaukee *Banner*, to the office of Collector of the Port of Milwaukee. We have been acquainted with Mr. Schoeffler nearly thirteen years, and know him to be competent and deserving. It will afford us much pleasure to chronicle the appointment of so good a Democrat and so sterling a man. This is saying nothing against the incumbent, John White, one of the most whole souled men of our acquaintance in the State.—*Appleton Crescent.* (dem.)

It gives us great pleasure to endorse all that the *Crescent* says in regard to MORITZ SCHOEFFLER and JOHN WHITE; and our only regret is that both of these gentlemen are competitors for the same post. The public will be faithfully served whichever receives the appointment.

FROM MADISON.

Editorial Correspondence of the Sentinel.

MADISON, Feb. 23, '57.

The Senate passed some important bills to-day, and made good progress on others, and killed at least one. Among the bills passed, I notice two relative to our city water works, one of them replacing some of the old Directors with others, and the other authorizing a second mortgage on the works, &c., to secure the bonds to be issued.

There was among them, also, a bill allowing any one who has made improvements to the amount of $10—"built a shanty" that means—on any 40 acre tract of the swamp lands to pre-empt the same at the pre-emption price. This is doubtless a dodge to help speculators.

I notice also the following bills passed:

For the appointment of a Commissioner to settle the estate of Wm. A. White.

Organizing Franklin County, with Watertown for a county seat.

Prohibiting Circuit Judges from making any charge to juries except a *written* one.

The committees on claims in both Houses have agreed *unanimously* on a report in favor of paying Beck, our Chief of Police, the $500 reward offered by the State for the detection of the persons placing obstructions on the track of the Mil. & Miss. R. R. The Devolts were arrested, and have been twice tried in this county, the jury failing to agree each time, and the prisoners have been discharged. Yet Mr. Beck and two others swear positively now before the Committee, as they testified on the trial, that they *detected the Devolts in the act.* The jury disagreed, and the guilty go unpunished, but the Committee agree, and Beck ought to have his reward.

The bill providing for a new tariff of votes for legal advertising was killed by the Senate.

The Geological Bill was ordered engrossed in the Senate in the form of a substitute to the original bill, designating Prof. Hall, of Albany, Prof. Carr, and Prof. Daniels, as a Commission to decide the duties of the Geological and Scientific Survey, and examination of rocks, soils, &c., between them—contracts to be made with each for a certain portion of the work, at a rate not to exceed $2000 per annum for the time actually employed—$6000 a year being appropriated to pay *all* the expenses of the survey.

In my letter of Friday, as printed, I find several provoking blunders; one of them make me mention "the Assembly Bill" as one of the important measures which are still pending. Instead of that very indefinite term, I wrote "the Assessment Bill."

DR. CASTLEMAN'S PROPOSITION.

Dr. Castleman states very fairly the terms of his proposition to the State, as I find by hunting up his paper after a search of an hour. The matter had nearly passed from my mind. I have no motive for "wilfully misrepresenting "the Dr.—and the Assembly has employed a very competent special reader, but it is not always easy to understand memoranda of agreements, on the first reading by another person. I find that the matter relating to the Dr.'s being paid for relinquishing whatever rights he might have required, was in the original agreement with Ex-Governor Farwell—the words being "a fair compensation for his expenditures and his damages in releasing said contract."

DEBATE RESTRICTED TO TEN MINUTES.

The Assembly resolved this morning to restrict speakers to ten minutes on any question, and very soon relaxed the rule to allow Mr. Moses M. Strong to "pitch into" the Personal Liberty Bill.

Mr. Strong called up a dead bill and moved to give it life by inserting after its enacting clause sections repealing the Personal Liberty bill, and thereupon proceeded with considerable unction to denounce the said bill as a flagrant violation of the U. S. Constitution, &c., &c.; you can imagine the feelings which a pure, old "democrat" would give vent to. After he closed, the Assembly, willing to give some leading friends of the bill an opportunity to reply, without occupying valuable time, made the subject a special order for Wednesday evening.

THREE IMPORTANT BILLS PASSED.

The bills making appropriations for the Asylums for the Deaf and Dumb and the Blind, and for enlarging the Capitol, were considered in the morning and ordered engrossed, and were passed in the afternoon. The first appropriates $37,000, the second $80,000. The other finds its means to the extent of $100,000, for enlarging the Capitol and building fire proof rooms for the departments, in the sale of the Capitol Lands granted by Congress, $15,000 from the General Fund, $15,000 from the School Fund, and $50,000 in bonds, to be donated by the city of Madison.

The afternoon was devoted to discussing and passing the bill authorizing the extension of the Madison and Watertown R. R. to the Mississippi, at the mouth of Platte river. The Grant County members, except Mr. Gulick, laboring and voting for the bill. Mr. Reymert and Mr. Humphrey from Milwaukee County, the one advocating and both voting for it, (these were the only Milwaukee members present,) and the Madison members of course going for it, there was no great amount of opposition. Mr. Earnest spoke against the bill, and Mr. Noggle and Mr. Hutchinson in favor of an amendment, offered by the latter, providing that the Company shall go south of Blue Mounds.

The advocates of the bill said that they had no thought of going north of the Blue Mounds, but did not wish the bill to be delayed by any amendments. The argument on general principles of justice, of the impropriety and bad policy of so legislating in favor of one company as to injure another, was used, but had no more weight with this Legislature than with any previous one which has adopted the principle of giving special charters—not *characters*, as the printers made me say the other day—to whoever may ask them. Railroad companies in this State are all paying now, it is said, from 10 to 15 per cent more discount on their bonds in the money market, than they could pay but for this ruinous policy.

To the city of Milwaukee in its business interests generally, this extension cannot be objectionable, of course; but to the city as a corporate owner of a quarter of a million of stock, and to the numerous private holders of the stock of the Milwaukee and Mississippi R. R. Co., it *is* a matter of interest, and they have a right to grumble.

It is to be hoped that the opening of this road to the Mississippi in the spring, and the full tide of prosperity which must be poured upon it, will efface the memory of the many struggles through which it shall have reached that point, and that this season will witness a cessation of the railroad quarrels which have done our state so much injury.

W. H. W.

HEAVY FAILURE IN BOSTON.—The Boston *Traveller* of the 19th inst., announces the failure of Col. ENOCH TRAIN, who for many years past has been extensively engaged in the shipping business of that port. The *Traveller* says:

Mr. Train established many years since an excellent line of packets between this port and Liverpool, and has otherwise materially contributed to the advancement and prosperity of Boston. Heavy losses in England, and indirectly in the Australian trade, have, it is said, been the cause of his present embarrassments.

His liabilities, it is stated, are not very large in this city, his chief business engagements being in England and partially in New York. A short time since, the packet business was surrendered by Mr. Train to a new firm, of which Mr. F. W. Thayer, his former junior partner, is the head.

ENLARGING THE CAPITOL.—The bill for this purpose was ordered to a third reading in the Assembly this morning. There are now few or no doubts of its passage.—*Madison Journal.*

There ought not to be any. Our CAPITOL needs enlarging and MADISON is the place for it. Such a site is not to be found elsewhere.

The Burdell Tragedy.

The following additional items are from the New York papers of Thursday:

A BLOODY CARPET-BAG.—On Sunday, the day after the murder of Dr. Burdell, a man called at the trunk store of Mr. Hill, No. 439 Hudson street, near Morton, and purchased a large carpet-bag, into which he put a bundle of clothing, after which he locked the bag and took the key, stating at the same time that he would leave the bag for a short time, as he was going to New Haven. The bag remaining for several days and the man not calling, a suspicion arose in Mr. Hill's mind that the bag might have some connection with the Bond street affair. Mr. Hill called in a policeman and the bag was opened and its contents examined—*it contained a number of bloody garments and other suspicious indications*, which it is thonght may afford a clue to unravel the mystery that surrounds the Burdell tragedy.

THE RECENT SWINDLE.—The Rochester *Democrat* of Feb. 19th has the following reference to this interesting subject:

MR. BRECK'S AFFAIRS.—The Detroit papers have given publicity to certain transactions between Brokers in this city and Toledo, and Cyrus F. True, well-known in this city, in which Mr. WM. BRECK, Banker of this city, is involved.—It appears that True and others have used Mr. Breck's paper quite extensively, at the west and in Canada, and the suspicions of the Brokers who have taken it, have been excited by the course of these sharp financiers, who seldom fail to burn the fingers of those who deal with them. The paper put off in Michigan, True was obliged to redeem, in order to get released from custody.—Considerable amounts of the paper circulated by the Trues and others, has been protested, and the natural consequence has followed. Mr. Breck informs us that all holding claims against him, in the city, will be paid promptly. He will take such measures as he is able to effect, in respect to the paper in circulation abroad. His office is still open.

The Buffalo *Commercial Advertiser* of the 21st inst., states that some of these spurious drafts, to the amount of $4,000, were disposed of in that city. There seems to have been no partiality, on the part of the gang, since they bestowed their favors, quite indiscriminately, among all our Western Brokers.

NEW MISSOURI BANKS—The correspondent of the St. Louis *Democrat* telegraphs from Jefferson city, under date of Feb. 17, that the Committee on banks, have agreed upon the following new charters, under the Banking law, recently adopted in that State:

Bank of the State of Missouri, three millions of dollars. Missouri Bank, Lucas & Simmonds, two million dollars. Exchange, one million dollars. Mechanics and Manufacturers, Wimer and others, one million five hundred thousand dollars. Southern, Broton, Watson & Co., one million dollars. Bank of St. Louis, J. J. Anderson, one million of dollars. Merchant's Bank, Blow & Charless, two million dollars. State Savings Institution, one million five hundred thousand dollars. Farmer's Bank, Lexington, one million dollars. Weston Bank, St. Joseph, one million dollars.

Twenty-two Years in the West—The Milwaukee of 1834 and 1835.

Under the above head, we find the following facts with regard to the city of Milwaukee, in the Sentinel, published there. We copy it for its definite information, and also to remind the citizens of Galena what may be done for a city by the adoption of a bold and comprehensive line of public policy, and persistently working to it until the great object is attained. Milwaukee has some natural advantages, which have been improved, but have enlarged and clearly defined railroad policy has done the rest. In a few months, Galena will be placed in direct railroad communication with Milwaukee, when the mutual interests of the two cities will induce a liberal and more extensive acquaintance than exist at present.—*Galena Advertiser.*

ACCIDENT ON THE GREAT WESTERN RAILWAY—NARROW ESCAPE OF THE PASSENGERS.—TWO MEN KILLED.—The Hamilton *Spectator* of the 19th instant says: The thaw has not only caused the destruction of many bridges of the various rivers, as recorded in our issue of yesterday and the preceding days, but has also damaged the railways in various places. The Great Western track has not escaped injury, and the soft state of the ground causing the rails to spread, led to an accident yesterday, which, though it did not result in fatal consequences, has nevertheless caused the destruction of a large amount of valuable property.

The train which left Suspension Bridge for Hamilton at 11.30, had reached a spot two miles this side of Jordan at half past twelve, where fortunately, the embankment was only four or five feet above the general level of the ground, when, owing to the state of the rails above alluded to, the engine, which was going at moderate speed, ran off the track and down the slope into the ditch on one side, while the baggage car and the second class car followed suit on the other side of the track. The first class cars also left the rails, but were not precipitated down the slope. Only the last, a first class car, remained on the rails. The engineer had his leg broken, the fireman was badly scalded, and several of the passengers received slight injuries. Their escape may be regarded as providential. The Firebrand, a fine engine, newly repaired, is completely smashed. The baggage cars also quite destroyed, and three passenger cars damaged, one rather seriously. Such was the force of the shock that some of the stumps were thrown over the fence. The down train was of course stopped, and many of the passengers returned to Hamilton. The track is being cleared with all possible despatch.

CLOSE OF A STAR ENGAGEMENT.—Mr. Edward Downes Connery, who has charged himself with the management of the new theatre in Bond Street, shut up the establishment on Saturday, after a successful run of fourteen days.

The manager, in closing the series of entertainments, which he has gratuitously supplied for the public, congratulated the members of his company, "collectively and individually," upon the patient and attentive manner in which they had fulfilled their several *roles*, and made a long turgid, muddy, rambling and vain glorious speech to which he magnified himself and his office, extolled his own vigilance and activity, and defended himself from the censures of the press. He thinks he has been no more harmed by these censures than "a lion by the dew drops which he shakes from his mane." An arrogant metaphor which is perfectly consistent with the swaggar which has characterized all his proceedings, from his first appearance on the stage where he has strutted his brief hour. Farewell, Sir Lion! We remember the old fable, the long ears and the bray; and if, like Dogberry, you *will* insist upon being written down as an Ass, we can't help it. That *is* our verdict.—*N. Y. Evening Mirror.*

SERIOUS ACCIDENT.—Mr. Samuel Reynolds of this city, while engaged this morning in coupling cars at the Depot of the C. St. P. & F. D. L Railroad, caught his foot upon the guard rail, and was thrown under the cars, which being in motion, passed over him, injuring him severely. One of the physicians in attendance informs us that his right thigh is fractured; his left thigh crushed in several places; his left arm has sustained a compound fracture, is crushed likewise, and there are several severe bruises about his body. Notwithstanding all this, the physicians have strong hopes that his life may be spared. He now lies at the American House, and is receiving all the care and attention possible.—*Janesville Standard.*

STREET FIGHT.—A serious affray took last evening near the post office, in which quite a number of persons participated, and several were severely injured; clubs, fists and brick-bats being freely used. The affray was finally suppressed by Deputy Marshall Roberts, who conducted himself with with great courage and coolness, and who received some pretty hard knocks. He was assisted by several citizens who happened to be present. Two or three of the ringleaders were marched off to jail to await trial.

The District Attorney was investigating the matter last evening, and we learn that other arrests will be made to-day.

We hope the authorities will bring the guilty parties to justice, and thus put a stop to these disgraceful street rows.—*Racine Advocate, Feb. 24th.*

FIRE.—On Sunday the 15th inst., the fine dwelling house of Mr. A. C. Robbins, at Reed's Corners, Fond du Lac Co., was discovered to be on fire about 7 o'clock in the morning, and in a short time was a black, smouldering mass of ruins. The house was just finished and the family lately settled therein. Nothing of any account was saved. Loss about $3,000—no insurance.—*Berlin Courant.*

☞ Speaking of "the wolf," the Green Bay *Advocate* says:

It is our impression that it was a species of tiger, which frequents that city, mostly assailing members of the Legislature and other strangers. The ravages of "the tiger" in this city occurred prior to the advent of a Republican Legislature.—*Madison Journal.*

FOND DU LAC.—It is believed that this beautiful and thriving city contains at the present time a population of 8,000.

A Runaway Marriage in High Life—The Bride Worth $250,000.

A marriage took place in Grace Church on Monday last, that has excited no little interest in fashionable circles and caused quite a flutter-ing among certain wealthy families. It seems the bride is an heiress, and worth in her own right $250,000. She was the inmate of one of our most exclusive female seminaries, and is but fourteen years and eight months old. Her wealth and the high position of her family were of course known to her associates, and her acquaintance was consequently courted. Among the gentlemen she was introduced to Mr. S——K——, a well known *habitue* of Fifth avenue saloons, but who had reached the mature age of thirty-one years. The acquaintance ripened into intimacy, and eventually the parties became engaged to be married; but as the parents might interpose an objection, it was arranged that it should take place unknown to them or any of the young lady's friends.

It was agreed that the happy event should come off last Saturday, (St. Valentine's day,) and the church was opened, the minister ready, and a few spectators had also assembled to witness the marriage ceremony which was announced for 11 A. M. But none came and went, and no bride made her appearance, and the church was closed. It seems that the principal of the seminary in which the young lady was a pupil got wind that something unusual was on the *tapis*, and she locked the would-be-bride in her room, and so prevented the fulfilment of her engagement. But "love laughs at lock-smiths," and by some means Mr. K—— was notified of the situation of affairs, and arranged matters in such a manner that the young lady escaped from surveillance, and the couple were duly married in one of our most fashionable up-town churches on the 15th inst. The bride and bridegroom immediately started for Washington, and intend to spend the honeymoon on a Southern tour. This pleasant little affair has created quite an excitement among the young ladies in upper tendom, and is to them far more interesting than the Bond street tragedy.—*N. Y. Herald.*

DEAR SIR:—Consider me a subscriber for life.

Yours, truly. C. W.

BURGLARY SATURDAY NIGHT.—A bold and successful attempt was made by a brace of burglars to enter the Banking office of R. S. RILEY & Co., last Saturday night. The villains entered by removing a light of glass from the rear window, between 9 and 10 o'clock. They did not make a trial on the safe, which was Wilder's patent, fire and burglar proof. They stole a few coppers and left by the front door.

One of them was arrested about 11 o'clock last night. They are Chicago operators. The examination took place before the Police Justice, to-day.—*Madison Argus.*

LOOKING TO SPRING BUSINESS.—A stroll along the Rocks and river banks, this week, surprised us by the immense piles of cord wood that we saw, awaiting the time for exportation. From the best information we could obtain from owners and others, we should judge that there are not less than 15,000 cords on the immediate bank of the river, besides from 5,000 to 10,000 more piled up on vacant lots in various parts of the city; the greatest part of which is destined for exportation.—*Sheboygan Times.*

LARGE SALE OF REAL ESTATE.—Isaac Shelby Esq., of Lexington, Kentucky, recently sold his entire interest in Chicago real estate for $100,000 one quarter down and the balance in one, two and three years at six per cent. interest. Samuel S. Walker, Esq., of Covington, Ky., is the purchaser. The greater portion of the property is what is termed "outside property," and Mr. Shelby purchased it three years ago for $30,000.—*Chicago Tribune.*

ACCIDENT AT ACRADA.—On Tuesday last Mr. and Mrs. Fillmore, the father and mother of ex-President Fillmore of this city, had a narrow escape from death. They were riding in a buggy, when they came in collision with a lumber wagon on which a German was riding, breaking the shafts of the buggy. The horse took fright and upset the occupants against the fence, cutting their faces and bruising them badly. They were taken up insensible and conveyed home.—Both are now slowly recovering from their injuries, though it will be some time before they are restored to their usual health.—*Buffalo Courier.*

NEW YORK AND ERIE RAILROAD.—This road, like the Hudson River and other Railroads in New York, was somewhat damaged and the running of the trains interrupted, by the recent tremendous freshet in the Hudson, Delaware and Susquehannah rivers. But it is all right again, now; the New York papers of Thursday containing the following official announcement:

OFFICE NEW YORK & ERIE R. R. CO.,
NEW YORK, February 21.

By a telegraphic dispatch from Mr. McCallum, general Superintendent N. Y. and E. R. R, who is at the break at the Delaware river, we are informed that everything will be in readiness for the passage of trains—both passenger and freight—to-morrow (Wednesday) evening.

BANK OF SHEBOYGAN.—This institution, the gentlemanly Cashier informs us, is soon to commence issuing bills. The President is W. W. KING, Esq., and the Cashier F. R. TOWNSEND, Esq. They have the bills and are now signing them. We venture the assertion, that the bills are the handsomest and best executed specimens of banking of any in the State. The capital Stock is $40,000, and the amount put in circulation first is $25,000. The checks and drafts for this Bank are the most splendid we ever saw, and cannot be exceeded by any Bank in the State. In a word, the President and Cashier are arranging matters in the best possible manner, and mean to do business as banking business ought to be done. As this movement will greatly add to the facilities of our business men, we are pleased that has been resolved upon.—*Sheboygan Journal 18th inst.*

MARINE INTELLIGENCE.

NEW VESSEL AT SHEBOYGAN.—The Sheboygan *Times* says that Mr. C. BASS has a vessel on the stocks there, 100 feet keel, 25 do beam, 9 do hold, and of about 350 tons burthen. She will be launched about the 15th of April.

THE LAKE AND HARBOR.—There is no ice in the harbor, and only a few floating fields in the lake. Vessels could leave here for up-lake ports, if it were necessary. A few days more of warm weather will free the lake of floating ice. The tug Wm. Peck came in this morning from Tonawanda.—*Buf. Commercial Feb. 21.*

☞ The arrival of the scow schooner, *Gaboon*, Hicks, from Chicago, may be called the first of the season. We understand her object in coming was to undergo repairs. The harbor from the Lake to the second bridge is entirely free of ice.—*Racine Adv., Feb. 24.*

VESSEL FAIR.—The schooner Lurk has been purchased by Capt. NEWARK, of Price & Fisher, for the sum of $14,000.

BEGINNING TO FAIL.—The schooner St. Lawrence is about fitted out by Geo. Steele & Co., for the wood trade, and will be on this lake in a few days. We also observe the schooner D. Smart hauled over for the same purpose by Eames & Co.

READY FOR THE TRADE.—In a few days, or so soon as trade and travel will justify, the lake shore steamers will be moving. They are all about ready, and all here except the Pioneer. The Huron will probably start as it she will go to the Chicago, Manitowoc and Two Rivers trade till the ice is out of Grand River, when she will sail in the Grand Haven trade. The Traveler and Planet will leave here alternately every evening for Milwaukee. The Cleveland will run daily from Milwaukee to Manitowoc and Two Rivers. The Arctic is to run from Chicago to Green Bay once a week, starting probably as the Cleveland did last year, every Thursday.—*Chicago Tribune, Feb. 21.*

BADGER STATE SAFES!

FIRE & BURGLAR PROOF!

THE WIDE EXTENDED and constantly increasing reputation which our safes have acquired, for unequalled durability and finish, warrants us in calling the attention of the public to our increased facilities for manufacturing the same.

The numerous improvements which we have added to our Steam Works, (Nos. 215, 217 and 221 East Water St.) places us beyond the reach of competition in our line of business.

The severe tests which the Badger State Safe has stood both in this city and elsewhere, establishes its proof against fire and water, for the protection of valuables.

HON. A. W. RANDALL PRESIDING.

The ejectment suit of Bellange vs. Crocker, which has occupied the Court for several days past, was given to the Jury yesterday afternoon, after an able and impartial charge from Judge Randall.

The case of the State vs. Peter Yates, indicted for obstructing the Milwaukee River, was next called, and a jury empanelled.

10 P. M.—Jury in ejectment suit not yet agreed, and no prospect of their agreeing till morning, if ever.

The Carnival in Milwaukee.

The spirit of fun and frolic was rife in our city yesterday. In spite of lowering skies and muddy streets, the "Carnivals-Verein" adhered closely to their advertised programme. On Monday evening the "Prince Carnival" had a formal reception at the theatre in Market Hall. Yesterday, at an early hour, his "Invalid Guard," grotesquely dressed, had their Reveille and Guard-mounting, on Market Square, and were subsequently reviewed by his Highness, attended by a brilliant staff.—This imposing military ceremony concluded, the "Prince" held a *levee* in the "Valhalla," to wit, Landa's Hotel, where he received numerous calls from his faithful subjects and a multitude of "outside barbarians." At 2 P. M. the Grand Procession formed and moved through the principal streets of our city, followed by thousands of amused and admiring spectators. It was a novel sight in Milwaukee and riveted the wonder-ing gaze of the "oldest inhabitant." A large number of two, four and six-horse vehicles, prepared for the occasion, carried the "Prince," his staff and retinue. A band of music led the way, and richly-dressed cavaliers, on gaily-caparisoned steeds, escorted the procession. A number of distinguished characters figured in the brilliant assemblage. Besides the "Prince," there was "King Mambrino," the immortal inventor of "Lager Bier;" the Emperor Napoleon and his aids; the jolly good Bacchus; the bewitching "Lola Montez;" sundry most respectable Magistrates, in black suits and bag-wigs; two earnest apostles of Temperance—one of whom, getting too much excited with his subject, fell out of his wagon on Wisconsin Street, amidst the sympathizing shouts of the crowd—and a multitude of other characters. The procession paraded the streets till sundown, and crowds of people followed them as they went. In the evening there were three Masquerade Balls—all fully attended—at Young's Hall, "the Albany" and Vogelgesang's Republican House. Of these, more anon.

A NEW THEATRE.—Mr. C. R. THORNE proposes to get up a stock subscription among our citizens to aid in the erection of a new and handsome theatre. The shares are put at $500, and every holder of a share is to receive ten per cent interest on his money, and will be entitled to free entrance at the theatre for one year.—Mr. THORNE reserves the right of purchasing the shares at par. If he can succeed in obtaining subscriptions to the stock, to the amount of $15,000, or $20,000, he will commence preparations for building immediately. The project is well worth the attention of property owners and business men.

HOUSE THIEVES.—Two young fellows named John Fay and James O'Brien, were arrested yesterday evening by Policemen Garlick, Meyers and Beck for stealing an overcoat belonging to W. F. Flanders from the residence of that gentleman the day previous.—The thieves were found in the house of Jack Lindsay on East Water Street, as also one of the coats, four in number afterwards got by the Police. Persons who have lost overcoats lately can call and examine these coats now at the Police Station.

SALE OF THE FREE DEMOCRAT PRESS.—The sale by the U. S. Marshal, of the press and steam engine in the *Free Democrat* Office, under the execution in the Garland case, came off yesterday. There were but few persons present and no competition among bidders. The property was finally struck off to Mr. J. B. ARNOLD, attorney for the plaintiff, at a nominal sum, and was immediately replevined by Mr. BOOTH. We presume the question of conflicting jurisdiction will be tried in due course of time.

☞ STAR VARIETIES—for two nights only, at Young's Hall. The above named Company have been playing to crowded houses for the last 8 months in the different towns and cities of the West. Madlle. Aubrey is acknowledged to be par excellent in her dances, being encored nightly. Miss ELLEN WOOD the charming and fascinating Ballad and Songstress, will sing several beautiful Ballads, together with her laughable duetts. J. E. GILLIGAN, the Irish Comedian and Vocalist, in some of his laughable comic songs and duetts. Don't stand upon the the order of going, but go.

AN OLD FIRM IN NEW QUARTERS.—It will be seen by their advertisement that Messrs. JONES, DINNIN & JONES, favorably known to our citizens, have purchased the large stock of fine clothing brought into this market by W. W. SHERMAN & Co., and have also rented the store, No. 107 East Water Street, recently occupied by the latter firm, where excellent bargains may be obtained. Let those in search of fine goods at low prices make a note of this change.

FOR TWO RIVERS.—Messrs. KELLOGG & STRONG have made arrangements to put the steamer *Cleveland* on the Northern route, touching at the intermediate ports between this city and Two Rivers. The *Cleveland* will leave this port every evening at 7 o'clock. The dock of Messrs. K. & S. is capacious and easy of access to the business public.

WELL DONE.—We learn that Mr. FURLONG, proprietor of the block on East Water Street which so narrowly escaped destruction by fire one or two nights since, presented Mr. THEO. BROWN, through whose active and timely efforts the rising flames were extinguished, the sum of $50.

LIGHT GUARD BALL, CHICAGO.—We learn from some of the Members of the Milwaukee Light Guard who attended this festival, that it was a most elegant and successful affair. They speak, in the highest terms, of the courtesy and hospitality which they experienced at the hands of the C. L. G.

"BUCK BEER."—Yesterday, in honor of the occasion (Carnival Day), "Buck Beer" was served up at Best's Hall, on Market Square, and was imbibed by a crowd of thirsty citizens. One of the proprietors of the establishment, Mr. PHILIP BEST, was the "Prince Carnival" and proved himself, "every inch" a Prince.

STEALING CLOTHES AND VESTMENTS.—A woman named Martin was arrested yesterday morning on a charge of stealing a quantity of women's clothing, and religious vestments; she was taken to jail by Policeman Haack, who arrested her, to await her examination.

INSTRUCTION.

SALOM'S MERCANTILE COLLEGE!

A Perpetual Ticket for $25!

GENTLEMEN desirous of acquiring thorough Mercantile Education, are assured that the advantages presented at this institution are unsurpassed.

The Principal takes this opportunity to acknowledge the courtesy of several of the most distinguished Shipping and Jobbing Houses in the East, who recently allowed him to examine their books, besides explaining many original plans for economising labor, which, adopted as in some instances after the experience of half a century, may be justly designated the *ne plus ultra* of the art.

These advantages, grafted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great heads and ramifications of mercantile routine to be actually developed by the student. A perpetual ticket confers the privilege of instruction in Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence Forms, &c.

The Surveying and Mathematical department is in progress during the day and evening.

BAYLIES & LINCOLN'S

Milwaukee Commercial College

212 and 214 East Water St.,

MILWAUKEE, - - - WISCONSIN.

THE proprietors of the Milwaukee Commercial College would respectfully announce that the liberal patronage that has been extended to this deservedly popular institution has led them to extend the field of study, so that it will embrace every branch of a thorough Commercial Education. As there are no classes formed in any department of study—thereby enabling the student to enter any time, each one receiving separate instructions)—the student, on entering, is placed in the Counting House, with actual transactions to work from, thus making his education not merely theoretical, but practical to the last degree. The Commercial Course comprises Book-Keeping by Double Entry, in its various forms, as adapted to Wholesale, Retail, Commission, Manufacturing, Custom House, Banking, Railroading, in stock partnership, and compound Company business. Commercial Calculations in per centage, Exchange, Bank and Regular Discounts, Averaging, Accounts by Simple and Compound Equations, &c., according to the most approved methods. Commercial Correspondence, including account sales, account current, drafts, bills of exchange, &c., &c.

Also, a perfect system of detecting Counterfeit Bank Notes, will be given to each student.

A good Hand Writing guaranteed to every person completing a full course.

During the Session, Lectures on Commercial Law will be delivered by eminent legal and business men, and no pains will be spared to make it the most complete department practically attractive.

The Reading Room will be supplied with the various Daily and other papers and publications.

Particular attention will be given to Ladies who may wish to acquire a business education, and separate rooms have been beautifully fitted up for their use.

Students and other business men are informed that, at any time, by a few days' notice, they can be supplied with competent Accountants, and young men will be assisted in procuring situations when desired.

For terms and other particulars please address

Every Man his own Miller.

PORTABLE CAST IRON GRAIN MILL.

Young Amorioa Improved and Perfected.

THE above mill was patented by Charles Leavott, of Ill., Feb. 27th, 1855. This mill took the first premiums at the Ohio State Fair, 1855, over all other mills, and during the fairs of the fall of 1854, the first premium over many others in the State Fairs of Ohio, New York, Tennessee, Michigan and Minnesota, also, at the County Fairs of the following Counties of Ohio and Indiana, viz: Guernsey, Crawford, Logan, Medina, Ashland, Wayne, Knox, Montgomery, Clark, Erie, Lorain, Richland, Plymouth district, Chester, Frederick. In Indiana, Tippecanoe, Jefferson, Wayne, Fayette, Shelby, Jennings, Warren and Fountain.

Farmers, Saw Mill owners, Livery Stable men and all others feeding stock of any kind are invited to examine the merits and superiority of this new Grain Mill.

The Young America will grind as much corn in the cob, shelled corn, oats, barley, and all other grains for stock as any mill of the same size and weight with two drafts.

What we claim is great strength, durability and simplicity, being so simple that a child can learn to grind with safety.

In that we claim the small expense to renew the grinding parts of the mill, and the ease with which the grinders are put on the mill, at a cost of not over three dollars, which makes it superior and more economical than any other mill. The grinding parts of the above mill are made of the hardest of cast iron, as hard in fact as cast steel can be prepared. Each set will grind from 8,000 to 10,000 bushels of grain, with proper usage. Besidesthe set of grinders on the mill, an extra set will be sent with each mill sold, making it equal to two common mills. When found necessary to change the grinders, almostany one can do it in twenty minutes.

As a proof of the estimation in which the Young America Mill is held, we would state that during the fall, winter and spring of 1855-56, 2500 were made and sold in Ohio, at Zanesville, by Douglas, Smith & Co., Hall & Alley of Mansfield, Eldridge & Fauconer of Cincinnati, and at New Philadelphia.

At this time there is not less than 200 being sold every week in Ohio, at retail, besides those sold in other states east and west.

The above mill is being manufactured and can be furnished at wholesale and retail, from the Wisconsin Iron Works of J. J. Langworthy, on the west corner of the City of Milwaukee. The mill is warranted perfect in all respects.

Dealers in agricultural implements and machines, of the State of Wisconsin, are requested to call and make arrangements for the sale of the above mills, to whom a liberal discount will be made on the retail price; also any others wishing to engage in a profitable business. Would call attention to good men who have teams, in any part of the State, who would peddle the mills through the country. Four can be taken on a wagon as a sample. Several arrangements would be made with them.

The above mill will grind from 8 to 20 bushels of grain per hour, in accordance with the kind and condition of the grain.

Price of the Young America $65—ready to bitch to and warranted to grind as fast as any mill of the same size when properly worked, and with less draft.

For further information address or see the undersigned, sole owner of the right to the State of Wisconsin.

HEALTHY BREAD!

MADE WITH

JAS. PYLE'S DIETETIC SALERATUS.

THIS article is deprived of the caustic impurities, so well known to exist in all common saleratus, thereby dealing a fatal blow to Grocers who are aware of its injurious qualities. So destructive is it to the constitution of children, that where they and the parents have been regular consumers of Saleratus, there is but little chance for recovery from infantile or contagious diseases. In this way thousands meet with premature Death—the sad reality of which is forcibly demonstrated, in the mortality among children, in the New England and other States, where warm bread and cake is so generally consumed.

JAS. PYLE'S DIETETIC SALERATUS

Is of vast importance to the public, and is rapidly coming into use. Being deprived of all caustic impurities, it is quite as harmless as flour. In point of economy it excels having powerful as rising properties, and is altogether superior to Saleratus or Soda. No intelligent lady will dispute this after trying it.

It is packed in pound packages, each bearing the name of James Pyle, without which it is not genuine. For sale by John Harding & Co., O. A. Folsom, Dilley & Gregory, Milwaukee; Ethridge, Shoemaker & Co., Madison. E. R. Jones & Bro., Fond du Lac, Wis.; A. Groat & Coog, Chicago. JAMES PYLE,

INSTRUCTION.

SALOM'S MERCANTILE COLLEGE!

A Perpetual Ticket for $25!

GENTLEMEN desirous of acquiring a thorough Mercantile Education, are assured that the advantages presented at this Institution are unsurpassed.

The Principal takes this opportunity to acknowledge the courtesy of several of the most distinguished Shipping and Jobbing Houses in the East, who recently allowed him to examine their books, besides explaining many original plans for economizing labor, which, adopted as in some instances after the experience of half a century, may be justly designated the *ne plus ultra* of the art.

These advantages, grafted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great heads and ramifications of mercantile routine to be actually developed by the student. A perpetual ticket confers the privilege of instruction in Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence Format, &c.

The Surveying and Mathematical department is in progress during the day and evening.

LESSONS IN

Foreign Languages.

MR. AND MRS. L. S. DE CHEVREY, from Paris, for the past year, private instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish Languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.

Gentlemen and ladies who begin to speak either of these philosophy, so simple that a child can learn to read with safety.

In the next we obtain the small expense to renew the grinding parts of the mill; and the ease with which the grinders are put on the mill, at a cost of not over three dollars, which makes it superior and more economical than any other mill. The grinding parts of the Young Amerioa mill are made of the hardest of cast iron, as hard in fact as cast steel can be tempered. Each set will grind from 5,000 to 10,000 bushels of grain, with proper usage. Any grinders set of grinders on the mill, an extra set will be sent with each mill said, making it equal to two common mills. When found necessary to change the grinders, almost any one can do it in twenty minutes.

As a proof of the estimation in which the Young Amerioa mills are held in Ohio, we would state that during the fall, winter and spring of 1855-56, 2,500 were made and sold in Ohio, at Zanesville, by Douglas, Smith & Co.; Hall & Allen of Mansfield, Eldridge & Rassener of Cincinnati, and at New Philadelphia.

At this time there is not less than 900 being sold every week in Ohio, at retail, besides those sold in other states east and west.

The above mill is being manufactured and can be furnished at wholesale and retail, from the Wisconsin Iron Works of A. J. Langworthy, on the water power in the City of Milwaukee. The mill is warranted perfect in all respects.

Dealers in agricultural implements and machines, of the State of Wisconsin, are requested to call and make arrangements for the sale of the above mills. To whom a liberal discount will be made on the retail price; also any others wishing to engage in a profitable business. Would call attention to good men who have teams, in any part of the State, who would peddle the mills through the country. Four can be taken on a wagon at a time—liberal arrangements would be made with them.

The above mill will grind from 5 to 20 bushels of grain per hour, in accordance with the kind and condition of the grain.

Price of the Young America $35—ready to hitch to and warranted to grind as fast as any mill of the same size when properly worked, and with less draft.

For further information address or see the undersigned, sole owner of the right to the State of Wisconsin.

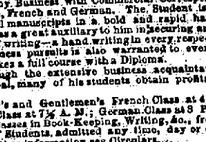
Every Man his own Miller.
PORTABLE CAST IRON GRAIN MILL.

Young Amorioa Improved and Perfected.



THE above mill was patented by Charles Leavott, of Ill., Feb. 27th, 1855. This mill took the first premium at the Ohio State Fair, 1855, over all other mills, and during the fairs of the fall of 1856, the first premiums over many others in the State Fair of Ohio, New York, Pennsylvania, Indiana and Minnesota, also at the County Fairs of the following Counties of Ohio and Indiana, viz: Guernsey, Crawford, Logan, Meoming, Ashland, Wayne, Knox, Montgomery, Clark, Darke, Richland, Miami, Pyramids district; Chester; Frederick. In Indiana, Tippecanoe, Jefferson, Wayne, Fayette, Shelby, Jennings, Warren and Fountain.

Farmers, Saw Mill owners, Livery Stable men and all others feeding stock of any kind are invited to examine the merits and superior advantages of the above mill.

The Young America will grind corn in the cob, shelled corn, oats, barley, and all other grains for stock as any mill of the same size and with much less draft.

What we claim is great saving in fuel, time and simplicity, so simple that a child can learn to grind with safety.

In the next we obtain the small expense to renew the grinding parts of the mill; and the ease with which the grinders are put on the mill, at a cost of not over three dollars, which makes it superior and more economical than any other mill. WOULD SUGGEST to the Trade, that they will be prepared for Spring sales with their usual extensive stock of the finer qualities of

READY MADE CLOTHING.

In reference to which they would suggest, that the facility with which their goods can be fitted, every garment being made in the longest as well as the shortest sizes, and being varied to suit different proportions of the same measure, should give them the preference over any clothing, the sizes of which are indefinitely marked. The difficulty of ready selling goods from that fact, it is presumed, has been very generally realized. HEALTHY BREAD!

MADE WITH

JAS. PYLE'S DIETETIC SALERATUS.

THIS article is deprived of the caustic impurities, so well known to exist in all common Saleratus, thereby dealing destruction to thousands on thousands of the primal qualities. So destructive is it to the constitution of children, that where they and the parents have been regular consumers of Saleratus Bread, there is but little chance for recovery from infantile or coming adolescence. In this way thousands meet with premature Death—the sad reality of which is forcibly demonstrated, in the mortality among children, in the New England and other States, where warm bread and cake is so generally consumed.

JAS. PYLE'S DIETETIC SALERATUS

Is of vast importance to the public, and is rapidly coming into use. Being deprived of all caustic impurities, it is quite as harmless as flour. In point of economy it excels having powerful raising properties, and is altogether superior to Baking Soda. No intelligent lady will dispute this after trying it.

Cult is packed in pound packages, each bearing the name of James Pyle, without which it is not genuine. For sale by John Furlong & Co., A. Folsom, Chapin & Gregory, Milwaukee; Eldridge, Shoemaker & Co., Madison; E. H. Jones & Bro., Fond du Lac, Wis.; A. Gross & Coag, Chicago, Ill.

Prairie du Chien Land Agency.

THE UNDERSIGNED having purchased an interest in the Prairie du Chien, (lower town) offers on reasonable terms two hundred (200) lots, situated near the depot grounds of the M. & M. R. R. Co. I am ready to offer inducements that cannot be surpassed in the State, both as to price and location, to all wishing to purchase a site for business or a desirable residence.

The City of Prairie du Chien being the Terminus of the M. & M. R. R.,

Prairie du Chien is the Point to Double Your Money in Twelve Months.

To my old friends, Railroad Conductors and all others, I will say—call and see me, and you will be sure to be rewarded.
